Katie Molly Richardson

Co-CEOs of AVEIT & FairyFrens™ | Experts in EQ, AI, Storytelling & Behavioural Trends | 20k+ Connections
Gold Coast

Summary

We're Molly and Katie Richardson, a mother-daughter co-CEO duo with a decade of experience spanning Construction, Design, Business, AI, Nonprofits, and Blockchain.

Together, we bring a unique blend of Emotional Intelligence (EQ), creativity, and intergenerational insight to everything we do.

Our story took a bold turn in 2022 when we launched one of Australia's first Web3 IP brands.

We bootstrapped and sold out two NFT collections and grew FairyFrens® into a global brand with rich lore, pop culture appeal, and official charity status, copyrighted in the USA and trademarked in Australia.

Along the way, we've harnessed our intellectual property to spark conversations about EQ, AI, and human development, building an authentic community through shared vision and real connection.

Now, we're stepping into new frontiers: robotics, space, and quantum.

With our diverse background and a proven knack for turning ideas into impact, we're excited to explore how our creativity and tech expertise can shape these cutting-edge fields.

Driven by a mission to use IP for social good, we're here to innovate and inspire change. Let's connect if you're passionate about ethics, growth and the future of technology.

Experience

AVEIT Pty limited
Chief Executive Officer
May 2020 - Present (5 years 4 months)
Gold Coast, Queensland, Australia

AVEIT employs a fresh outlook on "intergenerational" teams with its Mother and Daughter founders, who bring together their experiences and skills to tackle a common goal - to promote the prevention of anxiety. The unique bond and close relationship between the two directors, as a mother and daughter, provides the organization with a strong foundation and a deep understanding of the importance of family and the role it plays in supporting good mental health.

Having run successful businesses for a decade together, from Construction to Technology and the Arts. The mother and daughter duo bring a wealth of knowledge and experience to the organization, providing a unique perspective and approach to problem-solving. Their close relationship allows for open communication, trust, and collaboration, making them a dynamic and effective leadership team.

The family relationships between the two directors also reflect AVEIT's commitment to building a supportive and inclusive community. By bringing together different generations, backgrounds, and experiences, AVEIT is able to develop innovative and effective solutions to promote the prevention of anxiety!

FairyFrens
Founder
May 2022 - Present (3 years 4 months)
Gold Coast, Queensland, Australia

As Directors of FairyFrens, we have guided the company with a clear vision and unwavering commitment to fostering a more positive and compassionate online environment. From the outset, our mission has been to address the growing need for emotional intelligence and positive interactions in digital spaces, recognizing the profound impact that online behavior can have on individuals and communities.

FairyFrens was established with the goal of shaping a hopeful future within the technology sector. We are dedicated advocates of equality and anti-bullying, focusing on creating meaningful content and engaging with the blockchain community to drive social impact. Our aim is to transform the

fear-based algorithms and negative culture that have historically dominated online interactions, paving the way for a more inclusive and positive digital experience for future generations.

As Directors, we have worked diligently to promote these values through our platform, inspiring and enacting change. Our dedication to fostering a kinder internet is evident in every facet of our brand, from the narratives we craft to the communities we nurture. Through FairyFrens, we strive to leave a lasting legacy of positivity and hope in the digital world.

Shore Cleaning
Human Resources Director
June 2015 - February 2022 (6 years 9 months)
Mandurah, Australia

Shore Could Help

Starting with little more than determination, we launched our first business, Shore Cleaning, and achieved remarkable success. We completed nearly 50 post-build cleaning projects for major Perth construction companies, including police stations, suburb redevelopments, schools, and hospitals.

At its peak, Shore Cleaning managed up to 15 employees and required us to develop innovative strategies to enhance efficiency while navigating complex on-site behavior issues.

During this period, we experienced rapid growth and fostered a remarkable work culture, which provided Molly, then 23, with invaluable insights into the business world. Kate’s extensive knowledge and experience were instrumental in broadening our perspectives and imparting crucial lessons from the process of curating, building, and managing a thriving business.

Kennards Hire
Building Consultant
August 2017 - August 2018 (1 year 1 month)

Contracted as a building consultant to enhance customer and employee efficiency for Kennards Hire. Focused on optimizing operational processes, improving service delivery, and ensuring seamless integration of new systems to support organizational growth and client satisfaction.

Yoga Alliance

Yoga Instructor
February 2016 - November 2016 (10 months)
India

As a Yoga Teacher Instructor in India, Molly led dynamic yoga classes and workshops, guiding students through various techniques and practices to enhance physical well-being and mental clarity. My role involved designing personalized yoga sessions, facilitating mindfulness practices, and fostering a supportive environment for holistic growth.

Key Contributions:

Class Instruction: Conducted engaging yoga classes for diverse groups, focusing on alignment, breathwork, and mindfulness.
Personalized Guidance: Developed tailored yoga programs to meet individual needs and goals, promoting overall health and wellness.
Holistic Approach: Integrated principles of yoga philosophy and mindfulness into sessions, enhancing participants' physical and mental well-being.

Multiple London Boroughs
Communication Professional
August 2002 - November 2003 (1 year 4 months)
London Area, United Kingdom

Contracted as a Communication Specialist to enhance service utilization across multiple London boroughs. Tasked with developing and implementing effective communication strategies to improve public engagement, streamline service delivery, and ensure clear, consistent messaging across various channels. Successfully facilitated collaborations between boroughs and service providers, resulting in increased service adoption and more efficient public interactions.

Credit Suisse
Private Banker
January 1987 - February 1997 (10 years 2 months)
London Area, United Kingdom

During my tenure at Credit Suisse in London, Kate served as a SWIFT Operator, a pivotal role within the private banking division. My responsibilities included managing and processing high-value financial transactions through the SWIFT network, ensuring accuracy and compliance with industry regulations.

In this role, I navigated the complexities of private banking, working closely with high-net-worth individuals and institutional clients. I facilitated seamless cross-border transactions, streamlined communication between global financial institutions, and upheld the highest standards of security and confidentiality.

Key Achievements:

Transaction Management: Successfully processed and monitored a high volume of international transactions, maintaining precision and timeliness in a fast-paced environment.
Regulatory Compliance: Ensured adherence to financial regulations and internal policies, contributing to the bank's reputation for excellence and integrity.
Client Relationship Management: Provided exceptional service to private banking clients, addressing inquiries and resolving issues to enhance client satisfaction and trust.
My experience at Credit Suisse honed my skills in financial operations and client relations, reinforcing my ability to operate effectively in the high-stakes world of private banking. This role provided a solid foundation for my subsequent ventures, underscoring my commitment to excellence and strategic problem-solving in the financial sector.
