My role is AI Governance, utilizing AI`s transformative power for global good while mitigating its risks, and fostering community engagement and development in alignment with AI2030`s objectives.

AI 2030 is an initiative aimed at harnessing the transformative power of AI to benefit humanity while
minimizing its potential negative impact. The initiative is driven by the belief that individuals from all
backgrounds and with diverse perspectives can drive positive change and ensure AI`s positive impact on society. The initiative addresses various aspects of responsible AI, including governance, regulations, industry-specific frameworks, principles, best practices, and cutting-edge tools and solutions.

International Institute for Ethical Governance and Accountability (IIEGA)

Host and author of the "Proupravlenie" rubric

Member of the Board of Advisors

October 2023 - Present (2 years 4 months)

Johannesburg

IIEGA is a new global non-profit dedicated to promoting ethical governance, integrity, and accountability worldwide.

The objectives of IIEGA are:

1. Research and knowledge sharing: Facilitating research on ethics, integrity, and anti-corruption, and promoting the exchange of knowledge and best practices among participating universities. This could involve collaborative research projects, joint publications, and sharing of resources.

2. Education and training: Developing curriculum and educational programs focused on ethics, integrity, and anti-corruption at both undergraduate and postgraduate levels. This could include specialized courses, workshops, seminars, and training programs to equip students and professionals with the necessary skills and knowledge.

3. Policy development and advocacy: Provide policy advice and recommendations to governments, international organizations, and businesses on ethics, integrity, and anti-corruption measures. This could involve engaging in policy discussions, organizing conferences and symposiums, and issuing policy briefs and reports.

4. Outreach and awareness: Conduct outreach activities to raise awareness about the importance of ethics, integrity, and anti-corruption among various stakeholders, including students, academics, businesses, civil society organizations, and the general public. This could include public lectures, awareness campaigns, and community engagement initiatives.

My key responsibilities as a member of the Board of Advisors:

1. Strategic Counsel
2. Expertise Sharing
3. Ambassadorship
4. Regular Participation
5. Feedback and Review
6. Ethical Conduct
7. Representation
8. Networking & Partnership Building

Kyrgyz Stock Exchange
Chairperson of the Board of Corporate Auditors
February 2024 - November 2025 (1 year 10 months)
Bishkek City, Kyrgyzstan

In the fall, I concluded my tenure at the Kyrgyz Stock Exchange. I would like to express my gratitude to the shareholders for their trust, and to the directors, officers, and especially to Acting CEO Aida Chodulova for our constructive collaboration.

Over the past year and a half, I led the corporate control function, serving as the Chairman of the Audit Commission and participating in BoD meetings (without voting rights) during my final corporate year.

During this period, the capitalization of the Kyrgyz Stock Exchange grew 2.5 times (from less than 100 billion soms to nearly a quarter trillion), largely due to the entry of transnational institutional investors who would have chosen other exchanges worldwide if there had been even minimal concerns regarding corporate control.

I wish Kyrgyz Republic continued development of its capital markets and economic growth!
I will remain engaged in this process, but in a different capacity, and I will share more details in January.
