Dagmar Monett

Director of Computer Science Dept., Prof. Dr. Computer Science (Artificial Intelligence, Software Engineering)
Germany

Summary

Prof. Dr. of Computer Science (AI, SWE) with 37+ years of research and teaching experience. Head of Computer Science Department at the HWR Berlin (since 04/2022), currently focusing on Critical Artificial Intelligence (AI), Computer Science education, and Software Engineering methods and techniques.

ACM professional member. Co-creator and Academic Co-Director (12/2020-09/2024) of the Master's study programme Digital Transformation (M.Sc.) at the HWR Berlin.

Also interested in several AI sub-fields like machine learning, distributed AI, agents and multi-agent systems (in none of them, however, the rebrandings meant by the degenerative AI sub-community), metaheuristics (e.g., evolutionary algorithms, ant colony systems, neural networks), knowledge-based systems, and software design and development.

Experience

Berlin School of Economics and Law
22 years 9 months

Full Prof. of Computer Science
August 2010 - Present (15 years 10 months)
Berlin, Germany

Courses in Software Engineering and Artificial Intelligence

Adjunct Lecturer
September 2003 - July 2010 (6 years 11 months)

Courses in Artificial Intelligence

Mathematical Optimization Dept., Institute of Mathematics, Humboldt-Universität zu Berlin
Scientific Researcher and Teaching Assistant

June 2008 - March 2010 (1 year 10 months)

Research, design and implementation of mathematical software, and teaching.

Berlin School of Economics (FHW Berlin, Dept. Business Sciences)

Adjunct Lecturer

April 2007 - August 2008 (1 year 5 months)

Courses in Artificial Intelligence

DFG Research Center MATHEON

Scientific Researcher

September 2006 - May 2008 (1 year 9 months)

Analysis and treatment of systems of differential algebraic equations (DAEs) using automatic differentiation. Index determination in DAEs. Design and implementation of mathematical software.

Mathematical Optimization Dept., Institute of Mathematics, Humboldt-Universität zu Berlin

Postdoc

January 2006 - August 2006 (8 months)

Research, design and implementation of mathematical software

Artificial Intelligence Lab., Computer Science Dept., Humboldt University of Berlin

Research Assistant, PhD Student

April 2002 - December 2005 (3 years 9 months)

Design and implementation of intelligent computer technologies that combine Sociology and Computer Sciences (especially Distributed Artificial Intelligence). Research and modelling of artificial sociality. Integration of cooperative agents in complex organizations.

Computer Science Dept., Center of Biomaterials, Havana, Cuba

Research and Teaching Assistant

September 1992 - September 1999 (7 years 1 month)

From 1996 to 1999: Head of the Computer Science Dept.

Computer Science Dept., Simón Bolívar University, Caracas, Venezuela

Teaching Assistant

September 1996 - January 1997 (5 months)

Course on introduction to computer science

Education

Humboldt-Universität zu Berlin

PhD, Computer Science (Artificial Intelligence) · (2000 - 2005)

Havana University

M.Sc., Computer Science · (1995 - 1998)

Havana University

B.Sc., Computer Science · (1987 - 1992)
