Juzar Ghadyali

Strategic Partnerships | Building Bridges between Organizations | Aerospace & Defense
Washington, District of Columbia, United States

Summary

A highly accomplished and forward-thinking aerospace and defense executive with multifaceted experience in international defense acquisition, contract negotiation, and government-industry relations. Proven aptitude for cultivating and managing international strategic partnerships, helping organizations to reduce risk while navigating policy and regulatory obstacles to conclude complex transactions.

Experience

United States Air Force
Senior Advisor International Strategy
2023 - Present (2 years)
Arlington, Virginia, United States

U.S. Chamber of Commerce
Senior Director, Aerospace and Defense
2020 - 2023 (3 years)
Washington D.C. Metro Area

Managed portfolio of member companies in Aerospace and Defense sectors. Helped companies identify and address policy and regulatory obstacles through policy advocacy to U.S. government and foreign governments. Consulted with companies individually and collectively to understand most pressing challenges, and developed agenda for advocacy tailored to help companies achieve greater sales, reduce execution risk, navigate global supply chain challenges, and engage with relevant government authorities in support of objectives. Represented global economic and policy interests of defense industry through multiple geographically oriented bilateral business councils, convening
government and industry leaders to promote trade and investment.

United States Department of Defense
Strategic Partnerships Director
2016 - 2020 (4 years)

Provided strategic direction to Army, Navy, and Air Force to strengthen the vital and burgeoning U.S.-India defense relationship, the Department's highest-visibility and highest-priority bilateral defense relationship at that time. Coordinated efforts within the Department of Defense to develop overarching guidance for international cooperation across the Indo-Pacific region, with country-specific engagement strategies for Australia, Korea, Taiwan, and Japan.

US Navy
Strategic Partnerships Manager
2012 - 2016 (4 years)

Conducted technology assessments and managed global portfolio of 300 R&D agreements with 27 partner nations.
Designed and implemented Cooperative Working Groups on Aircraft Carrier Technology and Jet Engine Technology under U.S.-India Defense Technology and Trade Initiative (DTTI)

Naval Sea Systems Command (NAVSEA)
Contracts Negotiator
2008 - 2012 (4 years)

Negotiated significant contracts with major defense companies. This required identifying military requirements, issuing detailed requests for proposals, evaluating proposals, contract negotiation, and awarding contracts and subsequent contract modifications. Awarded contracts cumulatively worth hundreds of millions of dollars, saved tens of millions of dollars during the process, enabling military commanders to acquire better equipment for the warfighter and deliver it into the battlefield faster.

Peace Corps
Small Business Development
2005 - 2007 (2 years)
Eastern Caribbean

Consulted with Government of Saint Kitts and Nevis to establish first-ever Consumer Affairs Bureau. Implemented a U.N.-funded project in Grenada to conserve critically endangered marine species and habitat.

Education

Tufts University - The Fletcher School of Law and Diplomacy
Master of Arts - MA, International Affairs

University of Michigan

Bachelor of Arts - BA, Economics
