OpenAI
4 years 3 months

Policy Director
October 2018 - December 2020 (2 years 3 months)

I got to translate fundamental tech insights into decisions for policymakers around the world; developed expertise as a researcher focused on issues of AI evaluation, measurement, and analysis; built a large and happy team with an interdisciplinary skillset ranging from philosophy to machine learning. I also got to do some unusual things, like testify in congress, and develop my analysis and public speaking skills. A wonderful professional experience!

Strategy & Communications
October 2016 - October 2018 (2 years 1 month)

Trying to help the world understand AI. We are hiring.
