Eddie Ybarra

Safety Management Leader | Quality Assurance Manager | Master Trainer | LEAN Six Sigma Green Belt | USAF Veteran | Veteran Mentor

Waxhaw, North Carolina, United States

Summary

As a Safety Leader with 20+ years of experience, I have guided high-performing teams across government, military, and private sectors, ensuring compliance, risk mitigation, and the highest safety standards. I have successfully managed complex portfolios of contracts, programs, and projects, consistently aligning operational performance with employee safety, customer trust, and regulatory requirements.

My expertise lies in developing and implementing innovative safety solutions to complex operational challenges, with a strong focus on strategic planning, hazard prevention, resource optimization, quality assurance, and LEAN Six Sigma practices. I have a proven record of reducing risk, strengthening organizational resilience, and delivering measurable safety outcomes.

Throughout my career, I have directed global operations, led organizations through emergency response and safety initiatives, and overseen compliance programs, training development, and operational execution. I am passionate about cultivating a culture of safety, advancing personnel development, and safeguarding organizations. Above all, I am committed to ensuring that safety excellence drives organizational success and sustainable growth.

Experience

Carolina Foods, Inc.

HR/Safety Generalist
December 2025 - Present (3 months)
Pineville, North Carolina, United States

• Directed safety programs across high volume food processing and packaging operations, ensuring compliance with OSHA, FDA, USDA, and GFSI standards.
• Steered cross functional initiatives aimed at reducing recordable incidents and strengthened a culture of accountability and hazard awareness.
• Oversaw daily plant safety operations, including audits, walkthroughs, incident investigations, and corrective action tracking.
• Chaired the Safety Committee, facilitating regular meetings to review safety performance, address employee concerns, and drive continuous safety improvements.
• Led SMETA audit preparation and execution, resulting in zero safety findings through disciplined documentation, proactive compliance controls and policy enforcement.

Global Secure 3
5 years

Senior Manager (Promoted)
March 2024 - January 2025 (11 months)
United States

Led enterprise-wide program audits and risk evaluations to enhance crisis management and continuity frameworks, developing policies, training, and cross-agency collaborations that strengthened compliance, improved organizational readiness, and ensured consistent application of best practices across operational teams.

Manager
February 2020 - March 2024 (4 years 2 months)
San Francisco Bay Area

Managed program analysis and stakeholder collaboration to evaluate incident trends, design crisis communication protocols, and coordinate readiness training—producing data-driven reports, aligning execution with policy, and supporting project managers with reporting and performance reviews to drive strategic improvements and enhance organizational resilience.

United States Air Force
23 years 3 months

Operations Manager
August 2018 - August 2019 (1 year 1 month)

Travis AFB, California

Directed program evaluation, contingency planning, and Crisis Action Team operations for humanitarian and disaster relief missions—conducting risk assessments, readiness inspections, and logistics analysis to improve mission continuity, while mentoring junior staff and facilitating training to strengthen program effectiveness.

Production Manager (Promoted)
August 2017 - August 2018 (1 year 1 month)
Yokota

Oversaw program performance and safety for 240+ personnel supporting $680B in assets, developing mission-aligned training curricula, mentoring technical teams to achieve a 99% reliability rate, and partnering with leadership to evaluate outcomes and drive continuous improvement.

Inspection Manager
February 2017 - July 2017 (6 months)
Yokota

Directed 300+ maintenance personnel across 16 departments, executing high-risk inspections on 19 C-130 aircraft with zero mishaps, safeguarding $3.5B in assets and a $34M facility, implementing advanced training programs that enhanced safety performance and mission readiness across the Pacific region.

Inspection Manager (Promoted)
July 2016 - January 2017 (7 months)
Yokota

Production Manager
August 2015 - July 2016 (1 year)
Yokota, Japan

Oversaw inspections, maintenance, and crisis recovery for C-130 fleet, achieving zero mishaps and a 99% reliability rate. Led safety training, risk assessments, and compliance initiatives across a $34M maintenance complex, ensuring mission continuity and regulatory alignment across the Pacific theater

Production Manager (Promoted)
March 2015 - August 2015 (6 months)
Rota NS Spain

Air Mobility Command

Foreign Military Training Advisor (Special Duty)
March 2014 - March 2015 (1 year 1 month)
Kabul, Kabul Province, Afghanistan

Directed safety-focused training and oversight for $258M in C-208 sustainment and maintenance contracts, managing production efforts across Afghan Air Force leadership and contractor teams. Led inspection and resource management training for the largest Afghan maintenance group, mentoring personnel on tool accountability and revising curricula to advance capabilities. As lead Contracting Officer Representative, maintained a 98% mission capable rate for 10 aircraft and a flight simulator, while advising on 46 helicopter inspections and 18,000+ repairs—reducing errors by 75% and tripling output. Served as AFCENT's maintenance SME, briefing senior leaders and developing training milestones to strengthen international partnerships and operational resilience.

Production Manager (Promoted)
November 2013 - March 2014 (5 months)
Rota Naval Station Spain

Air Mobility Command

Organizational Manager (Promoted)
February 2012 - October 2013 (1 year 9 months)
Rota Naval Station Spain

Air Mobility Command

Quality Assurance Manager (Promoted)
May 2008 - February 2012 (3 years 10 months)
Kadena Air Base, Okinawa Japan

Directed safety and quality assurance operations for Air Force Special Operations Command, leading eight inspectors and developing maintenance processes for 270 personnel supporting nine MC-130 aircraft and $1B in assets. Oversaw critical safety programs including weight and balance, wire integrity, and deficiency reporting, while coordinating technical assistance and readiness evaluations.

Production Coordinator (Promoted)
February 2008 - May 2008 (4 months)
Kadena Air Base, Okinawa Japan
