Wes S.

US Army Mission Partner | Technology Evangelist
Austin, Texas Metropolitan Area

Summary

Accomplished sales and business development professional with more than fifteen years of experience in the technology industry. Proven track record of exceeding performance goals as a team leader and individual contributor through the successful delivery of complex solutions. Adept experience in sales life cycle, business intelligence, customer relationship management, partnerships, and contracts targeting Fortune 500 enterprise accounts and US Federal Defense and Intelligence agencies. Versatile and innovative leader with success in developing new business opportunities; optimizing product sales strategies; expanding market share; building, training, and sustaining large virtual teams; and negotiating large custom deals. Deep history of working backwards from Defense and Intelligence customers to deliver results that enable them to achieve commercial parity in a secure environment and execute at the speed of the mission.

Experience

AUSA Texas Capital Area
VP, Marketing and Development
April 2026 - Present (3 months)
Austin, Texas Metropolitan Area

Palantir Technologies
Account Executive
May 2024 - June 2026 (2 years 2 months)
Austin, Texas Metropolitan Area

Responsible for strategic account management and new business development across Army and Joint Force accounts in the Indo-Pacific region (US Forces Japan, US Forces Korea, US Army Pacific). Simultaneously pioneering net new market penetration into previously untapped Army organizations including MEDCOM, ARCYBER, T2COM, and expanding the Army Intelligence portfolio — building product-market fit in unexplored segments and developing repeatable go-to-market frameworks for

organizational scaling. Develops GTM strategy across agentic drone workflows, operational edge compute, medical research platforms, and intelligence expansion.

Amazon Web Services (AWS)

4 years 5 months

Senior Account Executive, U.S. Army

May 2022 - May 2024 (2 years 1 month)

Responsible for understanding customer business drivers across the organization and mapping initiatives to AWS and partner-based solutions. Led a sales pod (2 Account Managers, 1 ISR, dedicated Solutions Architects) owning the maneuver, fires, and effects business within the Army sub-region and serving as territory manager for warfighter management applications. Accountable for short- and long-term revenue growth across 92+ accounts in the Command and Control portfolio (FORSCOM, USARPAC, USFK/USFJ, Army Futures Command, HQDA Staff, PEO GCS) with responsibility for customer experience, relationships, and strategy at the executive level and below.

Senior Strategic Execution Manager | AWS National Security

January 2021 - May 2022 (1 year 5 months)

Austin, Texas Metropolitan Area

Customer-facing role focused on working backwards from the customer needs to enable strategic control and pipeline execution, increase performance and accelerate customer adoption. Responsible for delivering results in an increasingly complex and competitive market segment through the use of market trend analysis, strategic investment programs and custom deals that build enduring momentum in attainment.

Capture Manager | State, Local Government, K12 Education

May 2020 - January 2021 (9 months)

Austin, Texas Metropolitan Area

Customer-facing role focused on ensuring AWS and its partners are positioned to win by generating account-specific market intelligence, teaming with account executives to cultivate a forward-looking opportunity pipeline and developing the operational approach in pursuit of strategic growth opportunities.

Program Manager, Contract Acceleration Program | Corporate Fellow, Hiring Our Heroes

January 2020 - April 2020 (4 months)

Austin, Texas Area

Manage the contract acceleration SLED initiatives within the WWPS by working with internal stakeholders and external partners to develop demand generation campaigns, win strategies, cloud-friendly procurement enablement material, and innovative approaches that increase revenue and customer satisfaction.

US Army
Senior Manager, Enterprise Network Operations
July 2018 - May 2020 (1 year 11 months)
Killeen, Texas

Coached 54 professionals to drive organizational planning efforts to deploy and deliver expeditionary enterprise network services from over 60 points of presence across the globe. Advised executive leadership on the employment of assets in support of over 30 rapid deployment missions and the change management required to maintain network fidelity throughout operations. Managed strategic partnerships that advanced the mission and organizations capacity to achieve short and long-range objectives.

82nd Airborne Division, U.S. Army
3 years 1 month

Senior Manager, Tactical Edge Network | Deputy IT Director
April 2016 - July 2018 (2 years 4 months)
Fort Bragg, North Carolina

Customer-facing role responsible for gathering user stories, cultivating relationships, developing enterprise solutions, enforcing standards and insuring quality deliverables. Directed 35 technical professionals to deliver edge network capabilities and tactical satellite communications to a 4300+ personnel organization capable of deploying anywhere in the world in under 96 hours.

Senior Technology Consulting Manager
July 2015 - April 2016 (10 months)
Fort Bragg, North Carolina

Principal IT advisor to the Managing Director for all operations. Responsible for directing implementation of private cloud, satellite, edge compute, and tactical communications capabilities for a security force organization comprised of 5 subordinate companies and 750+ personnel; capable of deploying anywhere in the world in under 96 hours.

US Army Cyber Center of Excellence
Leadership and Management Trainee

February 2015 - July 2015 (6 months)
Signal Captain's Career Course

John F. Kennedy Special Warfare Center & School
Leadership and Management Trainee
June 2014 - January 2015 (8 months)
Fort Bragg, North Carolina

U.S. Army Europe
4 years 1 month

Technology Consulting Manager
May 2012 - May 2014 (2 years 1 month)
Vilseck, Bavaria, Germany

Principal IT advisor to the Managing Director and principal staff for a logistics management and support organization comprised of over 750 personnel. Customer facing role responsible for gathering user stories, cultivating mutually beneficial relationships, and providing process guidance to a technical project team enforcing standards and insuring quality deliverables.

Information Technology Operations Manager
May 2010 - May 2012 (2 years 1 month)
Vilseck, Bavaria, Germany

Accountable for planning, implementing, operating, and maintaining over $4.4M worth of IT infrastructure that supports an operations integration and coordination center comprised of 300+ personnel. Responsible for training technicians to establish expeditionary satellite and baseband networks using Cisco routers/switches, ViaSat encryption, Microsoft servers, and VMWare to provide secure voice and data services.

US Army
Intelligence Analyst
July 2006 - May 2010 (3 years 11 months)
San Antonio, Texas Area

Education

The University of Texas at San Antonio
Bachelor of Arts (B.A.), History
