Experience

Baker Institute Center for Energy Studies (CES)

Non-Resident Fellow

October 2025 - Present (3 months)

The Baker Institute for Public Policy provides meaningful policy analysis on the most critical challenges facing Texas, the U.S. and the world.

Our mission is to:

1. Conduct rigorous, data-driven research on critical foreign and domestic issues.
2. Offer essential data and nonpartisan analysis to inform policymaking.
3. Convene productive discourse among public and private sector leaders.
4. Train the next generation of policy researchers and leaders.

The Baker Institute for Public Policy is a non-profit, nonpartisan policy research organization based at Rice University in Houston, Texas.

Our Vision is to be the global child protection resource to non-profit and child-facing organizations, we aim to transform these organizations into safe, nurturing communities that protect the innocent, prevent abuse, and empower organizations to create a legacy of safety and compassion.

AI 2030
Member of the Board of Advisors
May 2025 - Present (8 months)

AI2030 is a global initiative aiming to harness the transformative power of AI to benefit humanity while minimizing its potential negative impact. Focused on Responsible AI, AI for All, and AI for Good, we aim to bridge awareness, talent, and resource gaps, enabling responsible AI adoption across public and private sectors.

National Amateur Fall Baseball Federation
Member Board of Directors
May 2025 - Present (8 months)

The NAFBF is dedicated to unlocking the full potential of student-athletes by blending exceptional baseball evaluations and competition with comprehensive leadership development. Our mission is to empower young athletes—including those from underserved and underrepresented communities—to excel both onand off the field, preparing them for success in all areas of life.

Metapilot Academy
Board of Directors
May 2025 - Present (8 months)

We believe that preparing the next generation of aerospace, space, defense and AI leaders is not just about education—it's about shaping the future of civilization. Our goal is to bridge the world’s most critical industries with the brightest minds, creating a pipeline of leadership that will define the next era of flight, autonomy, and planetary infrastructure.
