Introduction to the Alliance for Wireless Power Loosely-Coupled Wireless Power Transfer System Specification Version 1.0

Design and Test of a High-Power High-Efficiency Loosely Coupled Planar Wireless Power Transfer System

Patents

Load impedance detection for static or dynamic adjustment of passive loads

Protection device and method for power transmitter

Systems and Methods for Limiting Voltage in Wireless Power Receivers

Method and apparatus for wireless power transmission

Systems and methods for detecting wireless charging transmit characteristics

Ryan Tseng

Join Shield AI. Noble mission. Extraordinary people.
United States

Summary

We are working to protect service members and civilians with AI.

I have been fortunate to be surrounded by amazing people during my career.

Experience

Shield AI
President, Co-founder
June 2015 - Present (11 years 1 month)

Our mission is to protect service members and innocent civilians with artificially intelligent systems.

Qualcomm
Technical Lead for Wireless Power Program
August 2010 - November 2013 (3 years 4 months)
Greater San Diego Area

Led hardware, software, systems and standards engineering for wireless charging.

Led development of a wireless charger that TIME Magazine recognized as a Top 10 Tech Product Design of 2014 alongside the Tesla Model S, iPhone 6, and Oculus Rift.

Helped build an organization that became the world-leader in magnetic resonant wireless power systems.

Led the development of multiple product generations and supported integration of wireless charging into QCOM chipsets.

Responsible for designing technical specifications which were adopted by a standards organization that now has ~200 members.

Formulated IP strategy for a portfolio that included hundreds of patents.

WiPower, Inc
CEO, CTO & Founder
July 2006 - August 2010 (4 years 2 months)

We built a great team and developed pioneering wireless power technology for consumer electronics. WiPower was acquired by Qualcomm and returned up to 700%. For more info, refer to my experience at Qualcomm.

Education

Massachusetts Institute of Technology
MBA, Entrepreneurship, Technology, Finance

University of Florida
BSEE, Electrical Engineering
