Andrew Gardner

Chief Executive Officer at Cruxdefense.com and Riis.tech - My thoughts are my own.
New Braunfels, Texas, United States

Summary

I think differently and see this as my greatest strategic asset. I serve my country by helping to convert our national data assets into information.

Experience

CRUX Defense
Chief Executive Officer
February 2022 - Present (3 years 11 months)
Texas, United States

CRUX is an “Innovation Accelerator”, working on behalf of the Department of Defense and partnering with industry and academia to get innovations across the “valley of death”. Every decision and motivation is aligned with serving the interests of the warfighter.

Riis.Tech
Chief Executive Officer
January 2020 - Present (6 years)
Austin, Texas Metropolitan Area

Lifely Insights
Chief Data Strategist
September 2016 - January 2020 (3 years 5 months)
Austin, Texas Area

Ell Retail Solutions
Director of Business Development
May 2015 - January 2020 (4 years 9 months)

CentraForce Health
Senior Director, Health
January 2016 - June 2016 (6 months)
Austin, Texas Area

CentraForce
Healthcare Business Development
January 2014 - January 2016 (2 years 1 month)

I am developing the opportunities for applying our patient-audience analytics to the healthcare industry- this includes strategic alliances, sales, product definition, and strategy. We are applying cutting edge population analytics to public health, providers, payers, pharma, advocacy, and research. Our clients bring us specific patient cohorts they want to influence and we give them the intelligence to drive lasting and impactful change.

Pythia Business Development Consultancy
New Business Development / Strategic Positioning
February 2003 - January 2016 (13 years)

Connect and Ideate new business development opportunities within the healthcare marketplace

Astrotech Corporation
Entrepreneur in Residence
April 2012 - January 2014 (1 year 10 months)
Austin Texas

As entrepreneur in Residence I assist astrotech in developing strategic market intelligence and penetration for advanced technology commercialization. I use my expansive network and broad domain experience to identify and profile optimal market opportunities.

Remedy Informatics
New Market Development Consultant
December 2012 - June 2013 (7 months)
Austin Tx

Analytic interoperability is the future of healthcare. Remedy Informatics has a proprietary technology that enables them to harmonize data across platforms in order to provide researchers and healthcare decision makers a clear view of population health. My role is to identify and cultivate opportunities to expand the application of this technology throughout healthcare, specifically with HIEs and ACOs.

Advisory Board Company
