Founder and CEO

FasterCapital
FasterCapital Representative & Mentor
2019 - Present (6 years)

FasterCapital model enables access to a much larger pool of business founders (who via traditional means would not be able to get attention and get their ideas of the ground). This model is also very appealing to business founders since it allows them to concentrate on their core strengths - business development by: removing the need for a technical co-founder, & easing fundraising (acting as a lead investor).
