UK Ministry of Defence

9 years 6 months

Deputy Head, Defence AI Unit

March 2020 - Present (5 years 11 months)

London, United Kingdom

AI promises a once-in-a-generation transformation for Defence, a genuine 'sail to steam' moment, equally disruptive and irresistible - as a leading thinker once put it: fighting an AI-enabled adversary without AI is a recipe for disaster!

The Defence AI and Autonomy Unit (DAU) is in the vanguard of the transformation: charting the strategic direction through the Defence AI Strategy, operationalising Responsible AI across UK Defence and championing norms and standards internationally to mitigate geo-strategic risks.
