Allan Bacero

IT Manager at Solver
Arcadia, California, United States

Summary

Technical individual with a love for computers and all things technology.

Experience

Solver
18 years 2 months

Senior IT Manager
August 2013 - Present (12 years 5 months)
Los Angeles, CA

Manage Help Desk, administrate systems, network, and anything in between.

Support Manager
September 2010 - August 2013 (3 years)
Los Angeles, CA

Manage team to ensure that customer technical issues are met with a resolution. Escalate issues to software development teams accordingly.

Support Consultant
November 2007 - September 2010 (2 years 11 months)
Los Angeles

Supported customers for XL Reporter and BI360 Business Intelligence and Financial software. Provided technical solutions to ensure that software was functioning correctly.

Hot Topic
2 years 6 months

Production Support Analyst
January 2006 - September 2007 (1 year 9 months)

Support the business owners, from a technical standpoint, using IT tools. Retrieve data in the form of Business Intelligence using reports.

POS Consultant
April 2005 - January 2006 (10 months)

Deployed Point of Sale software to each of the retail stores' local computer systems. Ensured that all systems are able to function and upload customer transactions reliably.

California Air Resources Board
Workstation Support
September 2001 - June 2004 (2 years 10 months)

Assisted end users with workstation issues. Maintained shipping and deployment of computer equipment and resources.

AT&T Wireless
Customer Based Marketing
January 1999 - December 2000 (2 years)

Marketed to existing customers. Provided alternative solutions to current cellular phone plans in order to assure that customers are satisfied, in turn providing long term retention for the company.

Education

Mt. Sierra College
BS, Telecommunications Technology · (2000 - 2004)

Keller Graduate School of Management of DeVry University
Master's degree, Management Information Systems, General · (2010 - 2014)
