James Storer

Director, SOCOM & Global SOF Customer Relations
San Diego, California, United States

Summary

Former Navy SEAL and seasoned Department of Defense (DoD) industry leader with a proven track record of translating strategy into execution, leading high-performance teams, and driving business results in competitive markets. Possesses extensive experience in business development, proposal development, budget planning and execution, long-range planning, customer success, and program management across all phases of the project life cycle. Demonstrates a passion for managing complex business situations, where evaluation and decisive action are critical to advancing organizational objectives.
