Top Skills

Wind Tunnel Testing

Computational Fluid Dynamics (CFD)

Propulsion

Marcus McWaters

Principal Aerodynamics Engineer at Shield AI

Fort Worth, Texas, United States

Experience

Shield AI

Principal Aerodynamics Engineer

June 2025 - Present (1 year 1 month)

Lockheed Martin Aeronautics

Aeronautical Engineer & Associate Fellow

January 2002 - June 2025 (23 years 6 months)

Fort Worth, TX

Wind tunnel test, aero database creation, force accounting, performance simulation, weapons integration, external store aerodynamic characterization, inlet design, jet-effects, flight test analysis, external environment testing and analysis, secondary air design, propulsion, and propulsion aerodynamics.

Education

The University of Texas at Austin

MS, Mechanical Engineering · (1998 - 2000)

The University of Texas at Austin

BS, Mechanical Engineering · (1994 - 1998)
