Civil Engineer in Training

Jonathan Armstrong

US Army Engineer Requirements Branch Chief
Tupelo, Mississippi, United States

Summary

U.S. Army veteran with 22 years leading teams of up to 750 personnel in combat operations, strategic technology development, and acquisition programs. Excelled in delivering projects on time while prioritizing safety, efficiency, and cross-functional collaboration—now transitioning expertise to civilian project management, technology integration, and operations leadership roles.

Experience

Army Futures Command

US Army Engineer Requirements Branch Chief
July 2021 - February 2026 (4 years 8 months)
Fort Leonard Wood, Missouri, United States

Led a diverse team of 10 professionals, including military and civilian personnel plus one international officer, in defining requirements for a $7B + equipment portfolio. Orchestrated programs from concept development through funding and production while advising senior executives at Transformation and Training Command on modernization strategies.

Drove high-performing team to resolve production challenges for two major equipment lines valued at over $1B; launched two R&D programs ($150M+) delivering advanced technology solutions for high-risk engineering operations.

Pioneered first international co-development and cost-sharing agreement between UK and U.S. Armies for an Engineer-focused R&D program.

Delivered frequent executive briefings to senior leaders and general officers, presenting program updates to ensure priority alignment and facilitate decision-making.

Presented Army and Engineer requirements to academia and industry at trade shows, industry days, and one-on-one engagements in the United States and internationally; collaborated effectively with small businesses and Fortune

500 defense companies, including foreign owned companies located in allied nations.

The National Training Center and Fort Irwin

Training Evaluator and Performance Coach
June 2019 - June 2021 (2 years 1 month)
Fort Irwin, California, United States

Led a 77-member multidisciplinary training and coaching team across 10 major exercises at a premier U.S. training facility, overseeing planning, execution, safety protocols, and personnel readiness.

Coached senior leadership teams—including director, deputy director, personnel advisor, chief of operations, and key staff—to enhance organizational performance during major exercises.

Authored after-action reports for each training exercise and distributed key lessons learned to enhance organization-wide training effectiveness and performance.

36th Engineer Brigade, U.S. Army

1 year 11 months

Deputy Director & Chief of Staff
July 2018 - May 2019 (11 months)
Fort Leonard Wood, Missouri, United States

Promoted to Deputy Director/Chief of Staff, expanding oversight to maintenance of 200+ vehicles, 100 trailers, 750 weapons, optics, and night vision systems while ensuring compliance with environmental, safety, and security regulations.

Served as interim Director for 450-member organization during a 5-month leadership gap, managing all training, maintenance, administrative, and legal functions while the primary director was deployed on a critical mission.

Operations Manager
July 2017 - July 2018 (1 year 1 month)
Fort Leonard Wood, Missouri, United States

Led the training, strategic planning, and daily operations of a 750-member organization. Directed a month-long exercise coordinating nationwide transport of 300 trucks and 800 personnel to construct a 1,000-meter temporary bridge.

US Army TRADOC

ARCIC Engineer Requirement Analyst

July 2015 - July 2017 (2 years 1 month)

Fort Eustis, Virginia

Served 18months as the senior analyst evaluating requirements for Engineer; Military Police; Chemical, Biological, Radiological, and Nuclear, and Explosive Ordnance Disposal equipment across multiple programs.

Coordinated equipment development across doctrine, organization, training, facilities, and policy domains to align with organizational priorities and budget constraints. Drove requirements approval through governance processes for four major development/acquisition programs with multi-billion-dollar procurement budgets.

Served as Chief of Staff to the Deputy Director for Requirements (Brigadier General/Senior Executive level) during the final six months, coordinating and prioritizing daily and strategic activities across five functional divisions, collaborating departments, and higher headquarters including Fort Eustis and the Pentagon.

US Army Corps of Engineers

Project Engineer

August 2013 - July 2014 (1 year)

Fort Campbell, Tennessee, United States

Directed $17M overhaul of a Special Operations Forces helicopter maintenance hangar and parking apron, providing government oversight of contractors. Managed inspections for quality, workmanship, and compliance with industry standards; coordinated scheduling among contractors, security, and facility owners to deliver on time and within budget.

Mentored four Wounded Warrior interns transitioning to construction/ engineering careers or academic programs, achieving 100% employment or enrollment success upon military release.

Supervised three quality assurance engineering technicians assessing hangar project workmanship.

101st Airborne Division (Air Assault), U.S. Army

2 years 8 months

Operations Assistant

April 2013 - August 2013 (5 months)
Fort Campbell North, Kentucky, United States

Company Commander
November 2011 - March 2013 (1 year 5 months)
Fort Campbell North, Kentucky, United States

Operations Assistant
August 2011 - November 2011 (4 months)
Fort Campbell North, Kentucky, United States

Operations Manager
January 2011 - July 2011 (7 months)
Fort Campbell North, Kentucky, United States

US Army Corps of Engineers
Operations Assistant
September 2010 - December 2010 (4 months)
Fort Knox, Kentucky, United States

United States Forces-Iraq (USF-I)
Operations Analyst
August 2009 - August 2010 (1 year 1 month)
Baghdad, Baghdad Governorate, Iraq

1st Cavalry Division, U.S. Army
3 years 6 months

Operations Assistant
December 2007 - April 2008 (5 months)
Fort Hood, Texas, United States

Iraqi Army Trainer
October 2006 - November 2007 (1 year 2 months)
Baqubah, Diyala Governorate, Iraq

Company Executive Officer
April 2006 - October 2006 (7 months)
Fort Hood, Texas, United States

Platoon Leader
November 2004 - April 2006 (1 year 6 months)
Fort Hood, Texas, United States
