Barry Walkenbach

Sr Program Manager | MBA | MPM | TS/SCI+ | Servant Leader | USAF Veteran
St Louis, Missouri, United States

Summary

With over 25 years of military and professional experience in Information Technology (IT), Geospatial Intelligence Services, and Intelligence, Surveillance, and Reconnaissance (ISR) Operations, I am a Senior Program Manager at Omni Federal, leading the ODIN II program for the National Geospatial-Intelligence Agency. My mission is to deliver and sustain innovative and user-centric web and mobile applications that enhance the situational awareness and decision-making capabilities of the geospatial intelligence community.

As a recognized expert in Program Management and a Certified Agile Scrum Master/Product Owner, I excel at managing and executing complex software and hardware projects throughout the entire project lifecycle using agile, waterfall, or hybrid methodologies. I have a proven track record of leading cross-functional teams, building customer relationships, and incorporating end-user feedback into agile development projects. I also have a deep understanding of Synthetic Aperture Radar, Multi-Spectral Full-Motion Video, SIGINT/ELINT, Tactical Data Link systems, and Remotely Piloted Aircraft ISR operations in regular and irregular warfare scenarios, thanks to my background as a USAF veteran and a subject matter expert in manned and unmanned combat operations.

Experience

Omni Federal

Senior Program Manager | Intelligence & Geospatial Portfolio
December 2023 - Present (2 years 8 months)
St Louis, Missouri

Senior Program Manager leading a diverse agile team that supports the operations, sustainment, and development of NGA's GEOINT Services web/mobile/desktop software applications. With 25 direct/indirect reports, I manage contract and subcontract activities, as well as all program planning, execution, monitoring, reporting, and closeout tasks.

General Atomics Aeronautical Systems

11 years 8 months

Senior Program Manager | Radar Systems

January 2021 - November 2023 (2 years 11 months)

St Louis, Missouri

Chief of Radar Systems Development leading IRAD and Contractual development efforts for USAF/ANG/AFSOC, CDAO, FMS, and USG customers. Responsible for 3 direct reports and 20+ cross functional engineering team members with annual budgets of $20M+.

Senior Program Manager | Advanced Sensors & Payloads

January 2020 - December 2020 (1 year)

San Diego, California

Led advanced IRAD development projects related to Airborne Self Protection and Airborne Laser Communication Systems with multi-year budgets of $20M.

Program Manager | Radar Systems

January 2018 - December 2019 (2 years)

San Diego, California

Radar System program manager that led multi-year Lynx SAR UX design/development effort for USAF/ANG/AFSOC RPA Operators. $10M project increased sensor command/control application usability through advanced human factors engineering cross-functional management from design to operational fielding/testing.

Project Manager | Radar Systems

February 2015 - December 2017 (2 years 11 months)

San Diego, California

Radar Systems project manager supporting development, sustainment, and urgent engineering field support activities for USAF/ANG/AFSOC RPA customers.

Field Engineer | Mission Operations

August 2013 - January 2015 (1 year 6 months)

San Diego, California

Field Service Representative (FSR) for Radar Systems that provided operational and engineering services to active USAF/ANG/AFSOC and FMS RPA customers.

Deployed SAR Sensor Operator | Mission Operations

April 2012 - July 2013 (1 year 4 months)

Bagram AB & Shindand AB - Afghanistan

Deployed Lynx Synthetic Aperture Radar (SAR) Operator, SME, and Operations Lead for 10 deployed personnel supporting U.S. Army MQ-1C SOCOM operations in Afghanistan.

United States Air Force
MQ-1B/MQ-9A Evaluator/Instructor Sensor Operator
October 2008 - March 2012 (3 years 6 months)
17th RS - Creech AFB, NV

MQ-1b/MQ-9a Evaluator/Instructor Sensor Operator and SME in RPA regular/ irregular warfare operations. Non-Commissioned officer with 30 direct reports while acting as Chief of Weapons & Tactics and Squadron Scheduling offices for over 300 personnel.

NATO AWACS
E-3A Evaluator/Instructor Surveillance Operator
June 2003 - September 2008 (5 years 4 months)
Flying Squadron 1 - NATO AB Geilenkirchen, Germany

NATO E-3A AWACS Evaluator/Instructor for personnel from 25 different NATO member countries. Program Manager for modernization and training effort - led instruction and test operations for 400 component personnel. Chief of Scheduling and Standardization/Evaluation for 300 squadron personnel. Key contributor to NATO’s expeditionary preparedness program ahead of ISAF support deployments in Afghanistan.

United States Air Force
E-3B/C Senior Surveillance Technician
July 1999 - May 2003 (3 years 11 months)
963rd AACS & 960th AACS - Tinker AFB, OK

E-3B/C AWACS Senior Surveillance Technician responsible for managing airborne tactical datalinks and providing recognizable air and surface picture to combatant commanders in Operations Southern Watch, Northern Watch, Enduring Freedom, and Noble Eagle.
