Rich Carter, PMP

Chief Growth Officer / President, Advanced Programs at Albers Aerospace
Gettysburg, Pennsylvania, United States

Summary

As Chief Growth Officer / President, Advanced Programs at Albers Aerospace, I have the privilege of leading a dedicated team of professionals, supporting closely, both internal and external customers, to deliver vital solutions for the warfighter. I am passionate in solving complex problems with unique solutions to protect those who protect us, and I take pride in helping my team and customers achieve their goals.

Albers Aerospace supports a vast customer set, including the Intelligence Community, Department of Defense, international partners, and commercial entities. Due to our team's experiences, we have extensive knowledge of mission, problem sets, and customer needs.

I bring over 20 years experience delivering above target results in executive leadership, business development, strategy, mergers and acquisitions, program management, and electrical/systems/data engineering across various customer bases. My success is defined by my team's and customers' successes. Due to that, my leadership style is based on trust, integrity, and transparency. I emphasize partnerships and relationships, not customer/vendor transactions. I am driven to motivate and inspire others to share this same passion for our mission sets and customers.
