Jaimie Roylance OBE

Just stepping away from 30+ years of military service - including a seismic last 4 years as the Navy's CTO and Head of the Disruptive Capabilities & Technologies Office (DCTO)
United Kingdom

Summary

A diligent, perceptive and inspirational professional with extensive experience in Leadership, Strategy and Operations, Front-line military Aviation, Acquisition, Management of Defence, and Defence technology innovation. A proven team builder and organisational and process innovator, possessing exceptional analytical, organisational and interpersonal skills focussed on problem solving and delivery of results and impact. Broad and deep experience of catalysing the people and processes which turn relevant emerging and emergent technologies into capabilities which the Royal Navy and wider UK Defence can actually adopt.
